- 2.2. After completion and sending the Online Application form, the Participant needs to activate the application by clicking on the link in the activation email sent to the potential Participant at the by the potential Participant specified email address. Applications in any form other than the Online Application form will not be dealt with, unless KPB decides otherwise. KPB reserves the right to, at its discretion and without having to provide any reason, refuse an application for one or more Cards, or make the receipt and use of Cards subject to certain conditions (such as but not limited to the provision of Securities or direct debit mandates, etc.).
- 2.3. The Contract between the Participant and KPB comes into existence at the moment that KPB has sent the Participation confirmation. The Mobile Fueling option is activated as soon as this is opened by the Participant and once the Card has been digitally enrolled in the Q8 smiles app on (1) one smartphone.
- 2.4. The Card(s) will include the relevant data as indicated in the Documentation based on the information provided in the Online Application form. A PIN code is issued per Card to the Participant and is sent separately. Cards and PIN codes are only dispatched to the registered office of the Participant, as specified on the Online Application form. The Participant acknowledges and accepts that KPB and its employees have no knowledge of the PIN codes, which are produced and sent by a third party. The risk in respect to the Cards and PIN codes shall transfer to the Participant from the moment they there are dispatched by the third party. The Participant is responsible for making sure that the Cards and PIN codes are handled in a secure manner so as to reduce the risk of fraud (for which the Participant is solely liable). These Card PIN codes do not apply for Mobile Fueling, for which smartphone Unlocking must be used, namely the smartphone PIN code, a fingerprint or face recognition, depending on the settings of the smartphone used, and known only to the Cardholder.
- 2.5. If the Participant wishes to request additional Cards, the Participant must contact Q8 Liberty Card Support or make a request via Q8 Liberty Web. KPB reserves the right to, at its discretion and without having to provide any reason, (i) grant the request; (ii) grant the request conditional upon receipt of

additional Securities (in an amount determined by KPB) and/or any other conditions; or (iii) decline the request (for instance if the Participant refuses to provide additional Securities or refuses to comply with other conditions).

- 2.6. For purchases of Products from Sales points in Belgium, respectively the Netherlands and the Grand Duchy of Luxemburg, KPB is acting as the seller. In the Netherlands and the Grand Duchy of Luxemburg, KPB is registered for the VAT and KPN and KPL respectively act as fiscal representative of KPB. Invoicing is always done by KPB (or by a third party authorized by KPB) for transactions made via the Card in Sales points located respectively on the territory of the Netherlands and Luxemburg.
- 2.7. The Documentation describes to which information the Participant and/or Cardholders have access during the term of the Contract. The Documentation does not form part of the Contract and can be modified at any time by KPB without notice. The Participants and/or Cardholders are advised to regularly consult the Documentation in order to be up to date of any variations.

3. Rights and obligations of the Participant and the Cardholders

- 3.1. The Card allows the Participant and the Cardholders to purchase the Products specified by the Participant on the Online Application form and accepted by KPB at Sales points in Belgium or the Benelux, as applicable. The Card hereby operates as authentication-instrument. In an initial phase, digital authentication for Mobile Fueling using the Card enrolled in the Q8 smiles app will only enable fueling in Belgium; this may be extended to other countries later on. This digital authentication via the smartphone may only be carried out in the vehicle; outside the vehicle, the use of smartphones at filling stations remains forbidden. The Participant undertakes to respect this and guarantees that the Cardholders will comply with this obligation. The Participant is responsible for the costs related to Mobile Fueling, such as paying Wi-Fi connections, roaming costs, (mobile) data use costs, etc.
- 3.2. Except as provided in clause 12.3, and without prejudice to any rights of KPB under this Contract at law or otherwise, the Participant is liable to pay for all Products which were delivered using the Cards.

- 3.5. Each Cardholder shall be deemed to have been given authority to use the Card as a duly authorized representative of the Participant. In addition to the use of a physical Card, the Participant can also authorize the Cardholder to use the Mobile Fueling option alongside this by means of the digital enrolment of the Card in the Q8 smiles app on one (1) smartphone. To this end, the Participant will have to allow the Mobile Fueling option on the Q8 Liberty Web (www.q8libertyweb.com), have the Security code generated and pass this on confidentially to the Cardholder, who can supplement this information with the last six figures of the Card in order to be able to enroll the Card in the Q8 smiles app. For this option, the Cardholder will therefore have to register in the Q8 smiles loyalty program and download the Q8 smiles app beforehand. To be able to use the Mobile Fueling option, the Cardholder should activate location services on his smartphone. When using the Mobile Fueling option, the Cardholder will receive Smiles automatically for the liters of fuel purchased, as specified in the Q8 smiles program (1 liter = 1 Smile). The Participant is responsible for making sure that no Card remains in the possession of any person who is no longer authorized to use the Card and to this end will block the card (or have it blocked) so that the card is also rendered inactive for Mobile Fueling in the Q8 smiles app. The Participant is responsible for making sure that each Cardholder and User is informed of and complies with the Contract, and guarantees that the Cardholders shall so comply with the Contract. The Participant is liable for each breach of the Contract by a Cardholder.
- 3.6. The Participant shall pay to KPB a sum of 12,50 EURO per Card for administrative costs. If, for whatever reason, a Card and/or PIN code needs to be replaced, the same sum can be charged by KPB.

KPB reserves the right to make the provision of such Online Services subject to fees in which case KPB shall inform the Participant thereof at the latest two (2) weeks before such fees apply. In case the Participant refuses to accept such fees, the Participant may before the new fees apply and with immediate effect terminate the Contract upon prior written notice to KPB. In the event this was not timely done, the fees shall apply.
